

Amphenol®

has the latest in high-speed connectors.

Amphenol Commercial USB 3.0 SuperSpeed Connectors

Introducing Super Speed AMPHENOL USB 3.0 Series (AMPH-US3-XXXX-LL)

Features:

High Performance for USB cable: 5 Gigabit High Speed vs regular USB480 Megabit

Applications: Interface for connecting host bus adapters to computer peripherals, such as digital cameras, printers, portable media players, disk drives and network adapters to personal computers, both to communicate and to supply electric power with 5 Gigabit high speed. Cable lengths from 1 meter to 2 meter avail.

Advantage: Experience super-speed connectivity bandwidth with Amphenol USB 3.0 cables, yet remains backward compatible with USB 2.0 devices.
